The rush of twenty-first century life has left many busy people underslept, irritable, and worn out from everyday life. In this helpful book, readers will learn: the high cost of sleep deprivation, how to prepare for a good night's sleep, ways to deal with middle-of-the-night plumbing problems, whether medication will help, how to calm an overactive brain, how to deal with pain, sleep apnea, and restless leg syndrome. Refreshment, new energy, and a revitalized life await the readers of Lisa's new book.
