

## Questions I Ask When I Want to Talk About Myself: 50 Topics to Share with Friends

Mindy Kaling loves to talk (Rainn Wilson has dubbed her The Office flibbertigibbet) and she loves to listen (back when she was babysitting for a living, her charges found in her an enthusiastic sounding-board for listing the pros and cons of marrying each band member of N Sync). In this deck of conversation starters, Mindy discusses her views on 50 witty and relatable subjects, along with accompanying questions to get you and your friends talking about things that really matter (best friend rights and responsibilities, how guys have to do almost nothing to be great, and other universal truths).
