

Racism without Racists: Color-Blind Racism and the Persistence of Racial Inequality in America

Eduardo Bonilla-Silvas acclaimed *Racism without Racists* documents how, beneath our contemporary conversation about race, lies a full-blown arsenal of arguments, phrases, and stories that whites use to account for and ultimately justify racial inequalities. This provocative book explodes the belief that America is now a color-blind society. The fourth edition adds a chapter on what Bonilla-Silva calls the new racism, which provides the essential foundation to explore issues of race and ethnicity in more depth. This edition also updates Bonilla-Silvas assessment of race in America after President Barack Obamas re-election. Obamas presidency, Bonilla-Silva argues, does not represent a sea change in race relations, but rather embodies disturbing racial trends of the past. In this fourth edition, *Racism without Racists* will continue to challenge readers and stimulate discussion about the state of race in America today.
