

Concentric Circles of Concern: Seven Stages for Making Disciples

In this stylish re-issue of W. Oscar Thompson's classic book on evangelism, Thompson shows Christians how to spread the love and good news of Christ by building and repairing personal relationships. Too often the only kind of evangelism encouraged is the preaching to strangers, anonymous crowds, and foreign countries. This book hits readers where they live, teaching them that the most effective way to witness is through a simple plan of meeting the needs of close family first, then friends, and then all others. Published post-humously, this book is a living testament of the brilliance of Oscar Thompson and his innovative method. It will be a perfect guide to lifestyle evangelism for church study groups, conferences, and the classroom.
