

## Love Your Curls: A poetic tribute to curly hair inspired by real women

Through global research, Dove Hair uncovered that only 4 out of 10 little girls with curly hair in the U.S. think their hair is beautiful.\*, They also found that girls are more likely to feel beautiful and proud of their curls when people around them do. In 2015, Dove Hair launched the Love Your Curls campaign and film to encourage women and girls of all ages to celebrate their curls and inspire future generations to do the same. The Love Your Curls book is a poetic tribute to curly hair, composed of the beautiful stories and photos that poured in as a result of the campaign.
