

Real to Reel

Meet the REAL Rocky, the REAL Psycho, and the REAL English Patient... Read the real-life stories that inspired Hollywood's biggest blockbusters. Who can forget the bone-crushing terror of Jaws, the mother-loving horrors of Psycho, the daredevil exploits of Indiana Jones, or the romance of The English Patient? For a century, the movies have dazzled, frightened, thrilled, and touched us. But did you know that some of the silver screens' most imaginative flights of fancy are firmly rooted in reality? If you've been amazed by Hollywood's greatest hits, wait until you discover... The purportedly possessed teen who inspired The Exorcist, the vaudeville comics fictionalized in The Sunshine Boys, the 1927 Dumb-Bell Murders that inspired Double Indemnity, the Hungarian spy in Africa who became The English Patient, the real-life boxer who was the model for Rocky, the con artist brothers depicted in The Sting, plus the true stories behind Rope, The Bridge on the River Kwai, The Great Escape, Indiana Jones, Jaws, and many other films. Full of surprising revelations and fascinating anecdotes, Real to Reel is compulsory reading for every movie fan.
