

Bombay before Bollywood: Film City Fantasies (SUNY series, Horizons of Cinema)

Traces the development of Indian cinema from the 1920s to the mid-1990s, before Bollywood erupted onto the world stage. *Bombay before Bollywood* offers a fresh, alternative look at the history of Indian cinema. Avoiding the conventional focus on India's social and mythological films, Rosie Thomas examines the subaltern genres of the magic and fighting film—the fantasy, costume, and stunt films popular in the decades before and immediately after independence. She explores the influence of this other cinema on the big-budget masala films of the 1970s and 1980s, before Bollywood erupted onto the world stage in the mid-1990s. Thomas focuses on key moments in this hidden history, including the 1924 fairy fantasy *Gul-e-Bakavali*; the 1933 talkie *Lal-e-Yaman*; the exploits of stunt queen Fearless Nadia; the magical neverlands of *Hatimtai* and *Aladdin and the Wonderful Lamp*; and the 1960s stunt capers *Zimbo* and *Khilari*. She includes a detailed ethnographic account of the Bombay film industry of the early 1980s, centering on the beliefs and fantasies of filmmakers themselves with regard to filmmaking and film audiences, and on-the-ground operations of the industry. A welcome addition to the fields of film studies and cultural studies, the book will also appeal to general readers with an interest in Indian cinema. In this powerful account, Rosie Thomas opens out filmic artifacts to an array of dazzling reflections shedding new light on the movement and circulation of popular culture in India. With a remarkable body of research conducted over a period of time, *Bombay before Bollywood* decisively challenges certain assumptions about India, its cinemas, and its audiences. Ranjani Mazumdar, author of *Bombay Cinema: An Archive of the City* This is the archaeology of media performed with intellect, wit, and passion. Rosie Thomas pioneered this field and she

remains its most brilliantly iridescent critic and advocate. If only all film studies were this revelatory and this enjoyable! Christopher Pinney, author of Camera Indica: The Social Life of Indian Photographs Rosie Thomass body of research over the last twenty-five years has set up key discourses in the study of Indian popular cinema. This book brings together her pioneering fieldwork into film industry categories and practices, and her more recent bid to resurrect a history made well-nigh clandestine by official narratives: the significance of Arabian Nights fantasies, stunt films, and visceral attractions in Bombay cinema. Pleasurably crafted and provocatively argued, Bombay before Bollywood is an important intervention in Indian and world cinema studies.
