It happens in a finger snap--suddenly your kids are grown and gone. So nows the time to enjoy them while theyre till home. Parenting is hard. But this book encourages us. And it helps us realize what a treasure these crazy, irritating, wonderful kids are. Carlene Baumbich helps us keep a sense of humor, see the daily crises and humiliating moments from a positive perspective, recognize our childrens uniqueness, stay humble (your kids probably help you with this), and give ourselves permission to enjoy our kids. Children are a gift from the Lord, the psalmist said. Lets enjoy them now, this book adds, for theyll be gone before we know it.
