BOOK #1: Preppers Hacks: 25 Brilliant Surviving Life Hacks That Every Family Can Use You fancy yourself an experienced, prepared, and responsible person when it comes to times of disaster. Having the right supplies and a good plan will only get you so far. After all, no two disasters are the same. It wouldn't be an emergency if everything was predictable. What do you do when your supplies begin to dwindle and resources start to become scarce? Only those armed with information and ingenuity will survive. This book will teach you twenty five useful, practical life hacks for survival situations that will allow you to stretch the usefulness of every supply that you've got.

Here is what you will learn after reading this book: Ingenious uses for household objects (including trash!) that you've never thought of How to improvise survival items like candles, stoves, fuel, and more from objects that you probably already have in your home How to safely purify water using one simple household chemical How to improvise weapons for survival situations Much, much more!

BOOK #2: Preppers Pantry: 55 Most Popular Convenience Food for Tasty Life Saving Meals Who says that your emergency food stockpile has to be filled with bland, flavorless junk? With the right advice and the right amount of ingenuity, you can recreate a familiar, delicious, nutritious, and most of all comfortable variety for your family. Even in the worst disaster, you can use the act of preparing and eating meals to offer a slice of normalcy and comfort to your entire family. This book will teach you about: How to incorporate a variety of different fruits into your diet when they're not available fresh Enhancing and increasing the quality of convenience foods Finding a balance between ready-to-eat meals and shelf-stable ingredients Maximizing your family's comfort in an emergency situation through

foodBeing creative and flexible with what you have on handMuch, much more!
BOOK #3: Preppers Hacks: Top 16 Resources to Have so That You Never Go Through a Disaster Under Prepared This book covers some of the most essential survival skills which should be learned prior to being needed. If the worst was to happen it will be those who are prepared not those who are fittest who survive and even flourish. Now is the time to learn these skills and to practice whilst your life is not depending upon it. This book is not just designed to provide you with some survival tips should the worst happen; it should start you thinking differently about the everyday objects surrounding you and how they can be applied differently. Discussing survival tactics may seem like scaremongering or disillusionment with society but the tips provided in this book are genuine and can be used in a wide variety of situations. They say knowledge is power- now is the time to take power and be ready for anything! Here is what you will learn after reading this book:Survival methods of producing lightMethods to stay warm and eat hot foodWays to ensure you continue to have food and drink available through times of emergencyHaving essential supplies...
