

Sexes and Genealogies: Sexes and Genealogies

Irigaray covers major issues in religion, the law, psychoanalysis, and literature, such as: the continued neglect by psychoanalysts of the sexual and gender dimensions of therapy, the urgency of female divinity for contemporary feminist movements, and a reconsideration of women's relation to the market economy. *Sexes and Genealogies* also includes Irigaray's dazzling reading of the Oresteia, *Body Against Body: In Relation to the Mother*, now acknowledged as a feminist classic.
