

Shelf Life

What was the Peruvian brand manager thinking of when he named his delicious tuna Grated Fanny? Do Italians cleaning their bathrooms with Smac or Toke scrub with wilder arm movements and wider eyes? And how do you fancy tucking in to a packet of Chubi or a bar of Plopp chocolate with your afternoon tea? Shelf Life is a stunning full-colour collection of over 100 of the more, shall we say, colourful products gracing the shelves of the global marketplace. More characterful than any global mega-brand, the local goods gathered here dont kowtow to foreign marketing concerns. From Puke playing cards to Climax disinfectant, Colon washing powder to Cocagne mackerel fillets and Kack liquorice, this is a bitingly funny and stylish celebration of glorious misadventures in translation.
