

## Ship-Busters: British Torpedo-Bombers in World War II (Stackpole Military History Series)

Epic story of low-level strikes on Axis navies in World War II One of the most dangerous forms of air attack used during the war Written by a participant This stirring book recounts how British torpedo-bombers took the war to enemy naval fleets and shipping vessels during World War II. Episodes covered include the attack by a single plane on a German battleship, the torpedoing of the Gneisenau in Brest harbor, and the vital blows against the supply lines of Rommels Afrika Korps in the Mediterranean.
