

# Socialism and Saint-Simon (Routledge Revivals): Volume 2 (Routledge Revivals: Emile Durkheim: Selected Writings in Social Theory)

Durkheim's study of socialism, first published in English in 1959, is a document of exceptional intellectual interest and a genuine milestone in the history of sociological theory. It presents us with the sociological theories of a truly first-rate thinker and his extensive commentary upon another key figure in the history of sociological thought, Henri Saint-Simon. The core of this volume contains Durkheim's presentation of Saint-Simon's ideas, their sources and their development.
