

Speaking in Tongues: A Biblical Perspective

Speaking in Tongues: A Biblical Perspective deals with one of the most misunderstood and underused resources in all Christianity. Jesus Christ proclaimed it as a sign for those who would be saved. It ushered in the Church age that started on the day of Pentecost. It was the one demonstrative evidence pronounced in the book of Acts as proof that a person was born again of Gods spirit. This book takes an honest look at speaking in tongues using only Gods Word as evidence. Twenty-one different records in Gods Word that obviously deal with speaking in tongues are scrutinized to see exactly what speaking in tongues is. This book will give each reader, regardless of background, a greater insight and appreciation of the manifestation of speaking in tongues that God designed for mans blessings.
