

Surprised by Scripture: Engaging with contemporary issues

In this challenging collection of his best recent sermons and speeches, Tom Wright provides a series of case studies that show how the Bible can be applied to pressing contemporary issues, including: How it is possible to love the Bible and affirm evolution Why belief in heaven means we should be at the forefront of the environmental movement Where Christians today have lost focus, and why it is important for them to engage in politics Helpful, practical, and wise, Surprised by Scripture demonstrates how to affirm the Bible in today's world as well as mapping out new ways of applying its principles and engaging effectively with the world around us.
