

A tail of our doggies

A tail of our doggies

By John Lee

I invite you to enjoy a true story about our canine friends: sometimes funny, often unbelievable, at other times downright ridiculous. Join the Lee family in their quest to become bankrupt. Is it wrong to name a dog Direct Debit? Can a dog be charged with rape? Would you like to learn an amazing way to cure a Tapeworm? If so read on . . . My story starts with the tale of two Great Danes, Firstly Charlie (the black Great Dane rapist), followed by Nero, the gentle (but somewhat clumsy) giant. I then go on to write about other pet dogs we have owned over the years. Also included are a few lines about the arch enemy, Spider the cat. Is it possible for a cat to do a burn out on the Mother-in-Laws head? I know not if the madness and mayhem is peculiar to my family, But I am sure that fellow pet owners will get a good laugh at our expense. Please read and enjoy
