

Faith to Heal and to Be Healed

Some years ago, Dennis B. Horne found himself visiting the home of his stake patriarch, F. Briton McConkie. After an extraordinary hour listening to Briton recount several faith-promoting reminiscences about his father, Oscar, Dennis left the house, thinking not of the stories he had just heard, but how much he yearned to develop a faith comparable to Oscar's. Although Dennis doesn't remember the details of what he heard that night, he does remember how he felt. In this volume, increase your comprehension of God's will for His children through these faith-promoting accounts of righteous men administering to and healing the sick. With the power of the Holy Ghost, miracles do happen through the faith to heal and be healed.
