Even if you've never met Ted Cunningham, he's looking out for you and your brood anyway. In his new book, *The Power of Home*, he'll encourage you and your household to hit pause and take stock of where you are and where you're going: 1. What is the current state of our family? 2. What does it mean for our family to be redeemed? 3. How can we take personal responsibility for our faith and our family? If you want a healthy family now and in the future, *The Power of Home* can help you find a way for every family member to contribute to the spiritual growth of your home.
