

That Fateful Day in La Higuera: Unraveling enigmas surrounding Che Guevaras Final hours at La Higuera (Bolivia) (Spanish Edition)

Rafael Cerrato has written a unique book full of hitherto unknown material on a topic about which seemingly everything was known, namely the death of Che Guevara. The author had personal access to Benigno, Ches lieutenant in Bolivia, and Felix Rodriguez, the CIA agent who helped hunt him down (and tried to prevent his execution). Through them and other sources, he has assembled this fascinating, entirely authentic story with the intensity of a thriller novel. Any history buff desiring to sift through this shadowy period should have a look this book. Excellent. Carlos Alberto Montaner, one of the most widely read Spanish-language journalists.
