Scott Ott, Americans leading family-friendly Conservative satirist, brings you the Preamble to the Constitution as understood by our friends on the Progressive Left. He takes the Preamble phrase-by-phrase, explaining what it means, what it used to mean, and what it really, truly could mean in a land where dreams come true. This mini-book takes you inside the head of a left-wing Constitutional scholar, where theres plenty of room to move around and rearrange things.
