

The Essays

The Essays, Bacons chief contributions to literature, were published at various times between 1597 and 1625. This collection contains fifty-eight essays, masterfully written with a spirit of superior confidence. All forms of knowledge are subjected to the interpretation of Bacons views on life. Compiled from his other works, the essays were intended only as private notes for the perusal of a few friends.

The Complete Essays of Montaigne: Michel de Montaigne, Donald Michel de Montaigne, one of the foremost writers of the French Renaissance and the originator of the genre of the essay, wrote on subjects ranging from The Essays of Warren Buffett: Lessons for Corporate America, Second Edition [Warren E.
