

The Complete Monty Pythons Flying Circus; All the Words Volume One

The complete scripts from the four Monty Python series, first shown on BBC television between 1969 and 1974, have been collected in two companion volumes. Characters names, often not spoken, are given as in the original scripts, along with the names of the actual performer added on their first appearance in each sketch. This first volume contains twenty-three classic episodes, featuring some of the most entertaining writing to have gone into television anywhere. The minister of silly walks, the dead parrot, banter in a cheese shop - here is every silly, satirical skit, every snide insult, every saucy aside.
