

The Complete Pete: The First eBookshelf - all 8 books - Pete Sortwell 2012/13

The Complete Pete. (Pete Sortwell all 8 books 2012/13) In 2012 Pete Sortwell did something that no one had ever done before: he wrote a book entirely made from fictional product reviews of items listed for sale on Amazon. In 2014 Pete does another first: doing away with box sets, he has produced the first ever Kindle Book Shelf. Here are all the books Pete wrote in 2012 and 2013, all on a shelf: **The Village Idiot Reviews**: written entirely in the form of product reviews, we guarantee you've never read a book quite like this before. Hilarious and wholly original, *The Village Idiot Reviews* pokes gentle fun at the more obscure corners of your favourite e-commerce sites and introduces the most bonkers set of countryside dwellers since *The Vicar of Dibley*. **The Office Idiot Reviews**: we have to work with all sorts of idiots every day every office has them. Read about the trials and tribulations of this idiotic workforce as they explain their recent life events through their reviews of the things they've bought. **The Idiot Government Reviews**: we've all seen the news over the last few years, watching in wonder and disbelief at the situations the people entrusted to run the country get themselves into and then proceed to lie their way out of. Just imagine and this won't be hard that they were so stupid that they wrote reviews of the items that got them into or out of their latest bit of trouble and posted them online. **More Village Idiot Reviews**: it's been a year since their last outing and Brian, Ethel and Father Frederick are back with more village idiocy. Catch up with the latest antics of Pete's bonkers set of countryside dwellers, again written entirely in the form of product reviews. **Dating in the Dark**: sometimes love just pretends to be blind: Jason is unhappily single and will do anything for a date. With a face not even a mother could love, he comes up with the only thing he thinks will work: dating a

blind woman. However, to do that, he needs to pretend hes blind himself. Will Jason be able to fool both his blind date and her best friend? With everything to play for, Jason faces the biggest challenge of his life, and nobody especially not him can see how itll all turn out.

Bride and Gloom: sometimes love is better off blind: in **Dating in the Dark** Jason Harding fell in love with Emma and in this book, they decide to get married. But from getting a suit tailored to his short height to trying to keep a lid on his best mans plans for a wild weekend in Liverpool, he faces a struggle if hes going to make to the wedding without having a full nervous breakdown. Will Jason make it to the church on time, in possession of both his eyebrows and, of course, the rings?

The Diary of an Expectant Father: not only is Graham Peterson unlucky in his choice of careers, hes also been terrible with women throughout his adult life. That changes when he meets Alison, but within a month of meeting her he gets the news that hes about to become a father for the first time. **The Diary of an Expectant Father** charts the months leading up to what should be the happiest day of a young couples life, but with a relationship so new and a career so bad, can Graham keep everything together for the sake of his unborn child?

The Diary of a Hapless Father: charts those first three terrifying months of parenthood. With all the angst and fear of a new father, Graham needs to pull his socks up if hes going to become the father he always dreamed he would be. This book is for all those who have been through early parenthood or just want to know how a man deals with all those things.
