

The Goon Show, Volume 20: The Fear of Wages

Goon but not forgotten. From 1952 to 1960 the Goons ruled the airwaves, the most celebrated and influential clowns in the history of radio. GO ON, join Commander Seagoon and the Fourth Armoured Thunderboxes as they fight on (well, blunder on) in Burma; help Lord Neddie combat the dreaded Nadger Plague; man (and Bluebottle) the barricades as Citizen Ned leads the revolution; and avert your eyes as Nude Ned of Wales bares all in the Sahara. Its hot stuff, folks. Yes, its the all-leather Goon Show (now available in half-pint bottles) with another cult quartet of timeless wireless wizardry from Peter Sellers, Spike Milligan, and Harry Secombe, and their alter egos Bloodnok, Moriarity, Eccles, and the rest. And why is that gas stove wearing a hat? Its going out.
