

The Growth of Philosophic Radicalism

2013 Reprint of 1928 Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. This is still one of the best discussions of the 19th century Utilitarian movement in England—the rise of the Benthamites and the conflict between the growing economic philosophy and older philosophies that emphasized human and social values. Halevy discusses Locke, Newton, Gay, Hartley, Hume, Bentham, Adam Smith, Burke, Godwin, Malthus, James Mill, Ricardo, Grote and others. Remains a standard work to this day.
