

The Knights of the Holy Grail: The Secret History of the Knights Templar

Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail. This compelling historical work charts the Knights achievements in a remarkable range of endeavors, from building castles and cathedrals to laying the foundations of the modern marketplace. It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas, as well as the later foundation of the Secret Society of Freemasonry. Building a historical framework for the development of Christianity during the last years of the Roman Empire, and the Dark Ages that followed, has never been so captivating.
