

# The Landing Journal

Welcome to an exciting, life-changing journey! The Landing is a place where teenagers can experience freedom, healing, and wholeness. It's an adventure where they will learn how to make wise choices and develop healthy patterns for living. It's a safe haven that will help them overcome life-controlling hurts, hang-ups, and habits or simply provide insights on following God's path to greater freedom in life. Each week teenagers will meet with other teenagers who are traveling this journey. They'll spend time reading the Bible, discussing real-life topics, searching for answers to challenging situations, and encouraging one another. The student journal will also be their companion for that journey. They can use it to remember the big ideas from each week's lesson, and spend time reading through the weekly devotionals that deliver encouragement and inspiration along the way. The Landing will help them make Jesus the foundation of their lives, avoid or break cycles of dysfunction, and experience God's incredible forgiveness and healing. Get ready for an epic journey!
