

The Law of Rewards: Giving what you cant keep to gain what you cant lose.

Randy Alcorn, best-selling author of *The Treasure Principle*, makes a clear, compelling case for an underemphasized scriptural principle: that believers will receive differing rewards in heaven depending on their actions and choices here on earth. Taken mainly from excerpts of *Money, Possessions, and Eternity*, *The Law of Rewards* shows how our faith determines our eternal destination but our behavior determines our eternal rewards. *The Law of Rewards* is published in association with Generous Giving, Inc., a ministry of The Maclellan Foundation, which offers practical tools and events designed to transform hearts and minds for revolutionary generosity.
