

The South Beach Heart Health Revolution: Cardiac Prevention That Can Reverse Heart Disease and Stop Heart Attacks and Strokes (The South Beach Diet)

Another masterpiece! The author of The South Beach Diet has taken a sharpshooters aim at heart disease, the Normandy Beach for half of all Americans. Mehmet Oz, M.D., co-author of You: An Owners Manual and You: On a DietHeart disease is the number one killer of men and women in this country. This year alone, 865,000 people will have a new or recurrent heart attack, and another 700,000 will have a stroke. Dont become a statistic?heart attacks and strokes can be prevented!In The South Beach Heart Health Revolution, Dr. Arthur Agatstons innovative approach to heart disease prevention will show you how to protect your heart and live a longer, healthier life. He not only explains how to assess your cardiac risks and avoid unnecessary surgery, but also teaches you how to make life-saving changes, including rethinking your eating and exercise habits, to beat the odds of suffering from cardiovascular disease. Dr. Agatston explains: How you can have a negative stress test and still be at risk for a heart attack Why your cholesterol level may not accurately indicate your risk for heart attack How a simple noninvasive heart scan can reveal if you are a cardiac time bomb Why belly fat can be deadly?and what you can do about it What you need to know about life-saving state-of-the-art blood testing, heart imaging, medications, and more How to transform your lifestyle with satisfying heart-healthy eating and an exercise program thats easy to integrate into your daily routine The South Beach Heart Health Revolution will change the way you treat your health, your heart, and your approach to living well. This book is a must-read for everyone who wonders about their risk, and the risk of a loved one, to suffer a heart attack and what to do about it. H. Robert Superko, MD, FACC, FAHA; chairman, Molecular, Genetic, and Preventative Cardiology, Fuqua Heart Center of Atlanta Arthur Agatston, M.D., is

a preventative cardiologist in Miami Beach and an associate professor of medicine at the University of Miami Miller School of Medicine. Combined sales of his mega-bestseller, The South Beach Diet, and companion titles, have topped 22 million copies. He has authored groundbreaking studies and is frequently quoted in the media as a diet and cardiac health expert. Previously published as The South Beach Heart Program
