

## From Fat To Fit In 30 Days: The ultimate 30 day fat loss plan

About this book For many years I have witnessed the diet & fad phenomenon that has plagued America. I have seen so called experts get rich while their customers endure misery and deprivation. All these diets are just short term fixes and do more harm than good. The objective of this book is to educate people and let them know that achieving a healthy body is not rocket science. With the untold amount of so called diet books on the market, the average person has been bombarded with hundreds of different ways to lose weight, none of which are long term. This book contains a 30 day plan in which you will get fit and lose fat. You will not be calorie restricted You will not have to spend hours in the gym You will be able to eat your favourite foods You will be amazed after 30 days Are you getting ready for a wedding, a high school reunion, the summer? If you are, then this plan is ideal for you. I will give you all the information you need to achieve your weight loss goals, all I ask of you in return is your commitment and dedication for 30 days.
