

The Unselfishness of God and How I Discovered It

Hannah Whitall Smith was a popular evangelist and Bible teacher at the turn of the nineteenth century. Due to the popularity of Mrs. Smith's writings, her books are still being reprinted today by leading Christian publishers. However, three chapters have been purposely edited out! This edition contains the chapters that other publishers removed. Apparently modern Christian publishers do not want people to discover The Unselfishness of God. These three chapters are the heart of Mrs. Smith's story. For these publishers to remove these three essential chapters from her book is like cutting out her heart. We at Tentmaker Publications feel it is time to restore, not only Hannah Smith's writings to her original form, but also restore the character of the God Hannah Whitall Smith worshipped and wrote about. She is best known for her best-selling book which has sold in the millions and still being reprinted, The Christians Secret of a Happy Life.
