

The World As Will Idea - Vol III

This vintage book contains the third volume of Arthur Schopenhauer's 1818 treatise, *The World As Will And Idea*. One of the most influential philosophical works of the nineteenth century, it is Schopenhauer's greatest endeavour, and constitutes the summation of a lifetime of contemplation. In it, he postulates that our existence is fuelled by an unsatisfied will, perpetually searching for satisfaction. This fascinating book is highly recommended for students of psychology, and would make for a worthy addition to collections of related literature. Arthur Schopenhauer (1788 - 1860) was a seminal German philosopher. Many antiquarian texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition. It comes complete with a specially commissioned new biography of the author.
