

Three Principles of Angelic Wisdom: The Spiritual Psychology of the Grand Spirit, Dr. Peebles

Dr. James Martin Peebles imparts wisdom, inspiration, and down-to-earth advice but his counseling perspective is somewhat unusual because for eighty years he has made his home on the other side. Through the mediumship of people over these years, Dr. Peebles has shared his spiritual psychology, which is based on three very powerful principles that can easily be applied to create a richer, more fulfilling life. In a fascinating study of Dr. Peebles' terrestrial life, Linda shows the parallels between his earth life and his spirit life. Born in 1822, James Martin Peebles was a clergyman, physician, author, a leader in the worldwide Spiritualist movement of the 19th Century and, himself, a medium. He died in 1922 in Los Angeles, days short of his one hundredth birthday. Like *To Dance With Angels* by Don and Linda Pendleton, this book is a definitive study of Man's spiritual nature. Linda shares the experiences of others who have had contact with Dr. Peebles and his spiritual teachings. This book is for anyone interested in spirit communication, the afterlife, spirit guides, reincarnation, and, more importantly, spiritual enrichment. *Three Principles of Angelic Wisdom* was an EPPIE 2002 Awards Finalist, awarded for excellence in electronic books.
