

Tommy Transits Bus Tales: How to Change the World from 9 to 5

Changing Your Life Is Simpler than You Think According to a recent Gallup poll 70% of people hate their jobs. As a city bus driver for over 21 years Tom Tompkins (aka Tommy Transit) saw it daily: people looking tired and disengaged as they got onto his bus on their way to and from work every day. And that's when he realized that he was in the unique position of being able to reach out to over 150,000 people per year! In an instant he knew he truly could change the world, or at least the part of the world he was in - one busload at a time. Bus Tales is different from so many books about working life. It is aimed at everyone! Whether you own a company or are the most menial of workers, you have a choice. Filled with humorous stories as well as the tips and tools Tom acquired as he turned his working Joe job into one that gave him joy, fun, positive interactions and most importantly: purpose. This little book will inspire you to go out and make a positive impact in your part of the world...because it is simpler than you think.
