

## Truth Unchanged, Unchanging

Foreword by Alistair Begg. What is wrong with the human race? Today those who shape social policy often offer the wrong answers. Dr Lloyd-Jones takes us beyond human prejudices and provides us with an apologetic for the gospel. The doctor exposes these flaws in modern thinking, especially in the scientific approach. He provides us with a penetrating diagnosis of the human condition and shows decisively that the true remedy for our ills is in Jesus Christ - and Him alone. Truly everything we need for salvation is found in Christ alone.
