

Vessels of Rage, Engines of Power: The Secret History of Alcoholism

Based on over 20 years prodigious research, Graham takes the reader on a compelling tour of human history & links alcohol addiction with the destructive behavior of a range of public figures, including tyrants, murderers, politicians & writers. Drawing on the case of famous characters such as Alexander the Great, Joseph Stalin, Joe McCarthy & Ernest Hemingway, this book presents a convincing assessment of how this disorder can adversely affect the behavior of powerful individuals with devastating consequences.
