

UNIQUE HEALING

Unique healing methods from around the world. Some are new and some have been around for centuries. Passed over for more conventional methods of medicine, only because the lack of knowledge about them seems to be mysterious, and the fact that they may take longer to heal (but without any side effects!). A huge bonus is the no stress to your joints method to lose fat and increase cardiovascular health the equivalent of running 3-6 miles per day!!! It requires no drugs or herbs of any kind and can be used everyday if needed-I just discovered this while doing research for this book. These methods I present to you as a alternative to modern medicine that fails to address these things. I have used all of these methods in this book with my own traumatic injuries I sustained, from a fall of 100 feet in 2002 and was paralyzed from waist down(my back was broken from T-6 down to L-1 & L-2), a collapsed left lung, left femur was shattered into 7 pieces, left elbow was smashed into powder(now titanium), my scalp was literally ripped off my skull, and yes, I was DOA lifeflighted and came back from all of this to become even stronger than before. I present these methods to you if you are an injured veteran,PTSD, anti-aging, tramatic injury survivor, abuse of any kind (physical, mental or sexual), or know of a person that is. Also cancer cures that have bee passed over that were discovered as far back as the 1930s! This book will help you where modern medicine has left no hope
