

## The atheist hymnal

Most of the pages in this hymnal are blank. After all, what would an atheist have to sing about and to whom would he sing his praises. This book is intended as a jab at atheists who, ironically, talk about God quite a bit. This book is intended to give the atheists a reference for sacred hymns so that they may celebrate April 1st (April Fools Day) as Secular Day on which they will celebrate all their disbeliefs. As stated, most of these pages are blank. Therefore they can be used as scratch paper. Write down your thoughts or scribble on them. If you feel a sneeze coming on feel free to rip out a page and use it to blow you nose. After all, they dont believe in God so it wouldnt be sacrilegious. There are atheist proverbs and life lessons between each hymn (blank page). Again this is intended as a novelty item written by a Christian who feels a need to have a little fun at the expense of a group of people whose religious disbeliefs are founded on the four basic (D)s (denial, disbelief, disillusion and delusion.) Consider for a moment what atheism has done for the world. Atheism was the philosophy taught to communists in the U.S.S.R. Look at how well that turned out. There have been many famous atheists who lived their lives knowing there was no accountability for their actions. Among them are; Communist dictator Joseph Stalin who killed more than 40 million people, Pol Pot, Italian dictator Benito Mussolini, Mao Zedong, Jeffrey Dahmer and Kim Jong II just to name a few. Wow, such role models. The author used the pen name Phillip Space as a symbolic gesture. It symbolizes a need to fill an empty space in the lives of the non-believers. This would be an excellent gift for the religiously disenfranchised or any Christian who enjoys a good laugh. Give one to your atheist friends as a gag gift. Again, it wouldnt be sacrilegious to consider their religious beliefs to be a gag.
